

To Advertisers.

With the addition of over 600 actual subscribers to the Democrat's list, including the entire list of the Times, except duplicates, the Democrat has a much larger list than any Lawrence County paper has ever had during the near hundred years of the County's existence. The Democrat is read each week by over 7500 Lawrence County readers on a fair estimate. Not only has the quantity of our circulation increased; its quality has steadily increased. Our readers are the intelligent, substantial buying people of the County. There are less than 300 names in all of Lawrence County, who take a newspaper, that can not be reached through our columns. Our list has increased in size 45 per cent, during the past six weeks; our paper has increased in size 25 per cent in the last six months; our cost of production has increased 53 per cent in the last two years.

The first of May we will increase our advertising rates on all new advertising contracts, based on our larger circulation, with a guarantee that our rates are cheaper per thousand of circulation than can be obtained elsewhere. Rates will be published later.

To Subscribers

The signed statement of all parties interested in the Times sale in any way, sets at rest completely for all time, any question as to the present ownership of the Lawrenceburg Times. All agree, without reservation, that our Mr. Crawford bought the newspaper and has consolidated it with the Democrat. Every Times subscriber, therefore, must pay us for his paper. For a few days, we will leave our offer to square delinquent accounts to those sending us a dollar for a year in advance subscription to the Democrat. Act promptly, if you want to take advantage of this extremely liberal offer, as it will positively be withdrawn in a few days.

THE DEMOCRAT.

Death's Harvest

FRANCIS MARION CANNON.

F. M. Cannon, one of the County's leading men for the past half century died on last Friday, after a stroke of paralysis. Mr. Cannon was born September 24, 1837 son of James M. and Temperance [Thomas] Cannon, who were born in Virginia in 1816 and 1818 respectively. In 1950 he married to Miss Carrie E. True, who with seven children survive. In 1870, he was elected circuit court clerk and held the office about 12 years. As surveyor he became perhaps more familiar with the county than any other man. Tho' of limited education, he was a man of extensive information and positive convictions. His life was characterized by rugged integrity and fixed purpose, but withal he possessed, a heart of kindly impulses, and in a quiet way did much to alleviate human suffering. The County has sustained a severe loss in his death. He was buried at Mimosa on Saturday, with Masonic honors.

No Fishing In Pond

There'll be no fishing in the Hydro Electric pond for several days yet, and it's going to be right hard for some of the "regular" fishermen to wait until the first of July. In our opinion this is a good law, because there seems to be a great many "fishermen by occupation" around in these parts, and as a result of the ordinance, those who do not have a chance to go fishing often, may have some success when they can go.

It is not our way of doing it to always be having sales, sales, "sales."

We always have sales on. We don't have to cut prices half the time to "force" business. We make our prices right when we first mark our goods, and don't need to "force" business hard; it comes to us easy.

They are coming our way, thank you, because our way is the right way. You can't go wrong when you come our way.
